

The Cold War Chronicles

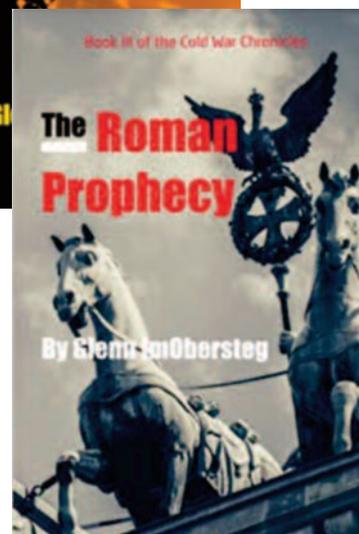

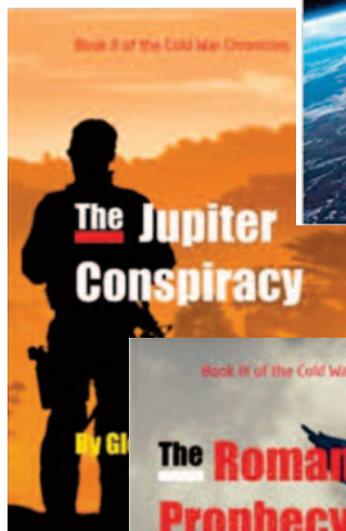

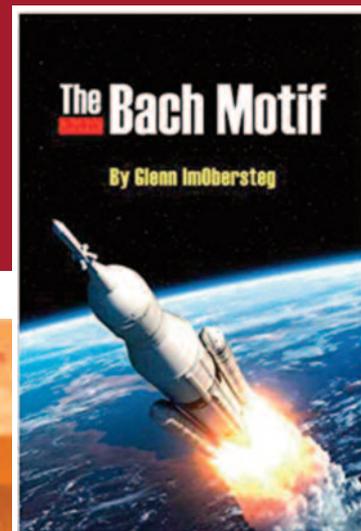

A historical adventure series
by Glenn ImObersteg

In 1961 an inexperienced President Kennedy, still reeling from a failed Cuban invasion and the rise of the Berlin Wall, confronts the hard-line Nikita Khrushchev and the Soviet Army on the border to East Berlin.

During the tense standoff, a young girl escapes to the West with the help of a Frankfurt High School student.

Thus begins a series of thrilling adventures set in Frankfurt and Berlin during the darkest days of the Cold War.
